Delivery to the address(es) specified in each delivery order shall be within 20 calendar days for CONUS addresses, and 30 calendar days for OCONUS addresses from the date a valid order is received by the contractor, or as otherwise agreed to by the parties.

prices of the contract to CONUS locations. Additional charges shall apply for shipments to OCONUS locations. The contractor agrees to ship items with inside delivery included.

At the option of the customer, the contractor will palletize orders that contain twenty (20) boxes or more.

The contractor agrees to provide arranged scheduled delivery for orders over 20 systems to the same location, if requested by customer.

Items not addressed or shipped properly may, at the discretion of the Government, be returned to the contractor at no cost to the Government.

DIVERSION OF SHIPMENT UNDER F.O.B. DESTINATION (applicable to shipments outside the contiguous 48 states)

(a) When a place of delivery is changed in accordance with the Changes clause of this contract, the contract price shall be adjusted pursuant to that clause for any resulting increase or decrease in the cost of performance. In all other cases, price adjustments due to changes in transportation costs shall be determined by comparing the cost of--

(2) Shipments to the original or old destination as evidenced by copy of the appropriate paid freight bills to be supplied by the Contractor, or, in the event no shipments were made, as evidenced by the applicable rates of a common or contract carrier. If carrier rates are not publicly filed with any regulatory body, (e.g., interstate shipments moving by rail piggyback service) the Contractor shall provide a copy of the contract, letter agreement or other written communication from carriers quoting the rates/changes that would have been applied for shipments to the original or old destination.

(b) If (1) shipments to the new destination are made by the Contractor's owned or leased trucks and/or (2) shipments to the original destination were made or would have been made by the Contractor's owned or leased trucks, the Contractor shall so certify. The Government shall make an appropriate adjustment in contract prices for payment purposes by substituting a rate equal to 70 percent of the lowest applicable rate published in common carrier tariffs as of the date of shipment for the Contractor's actual rate or contemplated transportation costs.

(c) If any or all of the following data are not clearly shown on, or available from, copies of paid freight bills for each diverted shipment, the Contractor shall supply a statement showing the--
